PROFESSIONAL EXPERIENCE

GIP Group | Vietnam (regional coverage: VN, PH, MY, ID, TH)

Jun 2024 - Present

Regional Account Management & Customer Success Team Lead

- Managed a portfolio of 200–300 active B2B accounts across Vietnam, the Philippines, Malaysia, Indonesia, and Thailand, supporting regional operations processing 15,000–20,000 orders daily while maintaining partner satisfaction and retention above 90%; 95% inquiries within 5 minutes; 90% escalations within 12h; 100% strategic accounts reviewed monthly.
- Built and maintained long-term relationships with strategic enterprise and SME partners, serving as the primary point of contact for business reviews, performance discussions, issue resolution, and partnership development initiatives.
- Conducted weekly, monthly, and quarterly business reviews with strategic partners, analysing performance trends, identifying opportunities for improvement, and aligning stakeholders on service and commercial objectives.
- Participated in commercial discussions, pricing negotiations, contract renewals, and partnership development initiatives with strategic accounts and logistics providers across Southeast Asia.
- Led and coached a team of 8–15 Account Management and Customer Success professionals across Southeast Asia, supporting performance management, capability development, and service-quality improvement initiatives.
- Acted as the senior escalation point for strategic partners, coordinating cross-functional teams across Operations, Technology, Warehouse, Finance, Sales, and Logistics to resolve complex business and operational challenges.
- Drove cross-functional initiatives with regional partners and internal stakeholders to improve service quality, customer retention, operational efficiency, and partner experience across five Southeast Asian markets.
- Supported the launch and expansion of new markets across Southeast Asia, coordinating logistics partnerships, warehouse operations, hiring, onboarding, and operational readiness. Key projects included Indonesia market launch and Malaysia market expansion in partnership with senior leadership and external stakeholders.

GIP Group | Vietnam (regional coverage: VN, PH, MY, ID, TH)

May 2023 - May 2024

Operations Supervisor

- Managed operational execution across a workforce of 30–50 locally based employees spanning Customer Service, Telesales, and Warehouse functions across multiple Southeast Asian markets.
- Coordinated daily operations across regional markets, ensuring SLA compliance and effective collaboration between Customer Success, Warehouse, Logistics, and Operations teams.
- Monitored operational performance, maintained reporting systems, and identified process-improvement opportunities to improve service quality and operational consistency; Supported onboarding, SOP implementation, performance tracking, and workforce management initiatives across multiple functions and markets.
- Collaborated with cross-functional stakeholders to resolve operational issues, improve customer experience, and maintain service continuity during periods of rapid business growth.

Hedge Academy | Vietnam (Remote)

Feb 2020 - Apr 2023

Programme Coordination & Marketing

- Coordinated training programmes, workshops, and learning events involving students, trainers, industry experts, and external partners, ensuring smooth programme delivery and stakeholder satisfaction.
- Managed stakeholder communications and participant engagement activities for programmes serving 100–500 attendees.
- Collaborated with internal teams and external organizations to increase programme awareness, strengthen partnerships and enhance learning experiences for programme participants.
- Supported outreach and relationship-building initiatives with educational partners, trainers, and industry speakers.

Agriterra | Vietnam

Sep 2022 - Jan 2023

Project Support & Communications

- Coordinated stakeholder engagement activities between Vietnamese agricultural cooperatives and Agriterra headquarters in the Netherlands.
- Facilitated communication and relationship management among international experts, cooperative partners, and local beneficiaries.
- Supported workshops, training programmes, and knowledge-sharing initiatives involving multiple stakeholder groups.
- Assisted project coordination and communications activities to strengthen stakeholder participation and programme effectiveness.
